EXPERIENCE

McAlisters Deli, Cookeville — *FOH Member*

July 2022 - December 2022

I worked as a front-of-house employee for the local McAlisters. My duties were to keep the restaurant clean and take orders from customers.

Tennessee Tech Bookstore, Cookeville — *Seasonal Employee*

August 2023 - August 2024 (Ending soon)

I work as a seasonal employee, helping during the busiest times of the year with inventory, order fulfillment, and assisting customers.

Careers and Development, Cookeville — *Student Ambassador*

August 2024 (Starting soon)

EDUCATION

Tennessee Tech, Cookeville — *Electrical Engineering*

August 2023 - Present

RELEVANT CLASSES

ECE 1000 — *Introduction to Electrical Engineering*

This class was taught by Dr. Bhattacharya. Alongside learning the fundamentals of electronics and electricity, we completed projects, such as soldering components to a PCB, creating circuits based on schematics, and working with a Raspberry Pi and Python.

CSC 1300 — *Problem Solving and Computer Programming*

This class was taught by April Crockett. We learned the basic and intermediate aspects of programming, specifically in C++.
